

www.alphaprotech.com

Alpha Pro Tech Engineered Products, Inc. is pleased to offer the simple solution of temporary roof protection after a storm. StormRoof Wrap offers many advantages over the old blue tarps when temporary roof protection is needed.

TRANSLUCENT FOR EASY ROOF INSPECTION - Never have to pull back for insurance inspections of damage.

NO AWKWARD UNFOLDING OF TARPS - Never have to unveil or re-position a blue tarp on the roof. No awkward work on the roof.

9' & 10' WIDE ROLLS - Easy to install in roll form by just unrolling across the roof in either a 9' wide or 10' wide roll by 300 lineal feet. Carry one roll on a roof and complete the job.

6 MONTHS UV EXPOSURE - Can be left on the roof exposed for up to 6 months with no fear of leaks or damage.

CUSTOM PRINTING AVAILABLE - Can be custom printed with the contractor name or contact information. Acts as a billboard on the roof with a one pallet minimum.
